

## Application for an additional location Medicare provider number for a medical practitioner

### Important information

Complete this form if you are an existing Medicare provider applying for a Medicare provider number for a new location, to re-open a closed location or to close an existing provider number. Your application and supporting documentation should be sent to Medicare Australia prior to your proposed commencement date.

You must have current registration in the state or territory in which you intend to practise.

You should not commence billing until Medicare Australia has advised you of your provider number and Medicare eligibility.

This application will be returned if all relevant documentation and information is not supplied.

Print clearly and complete all relevant questions.

### General information

#### Section 19AB of the *Health Insurance Act 1973*

From 1 April 2010 doctors who obtained their primary medical qualification in an accredited medical school in Australia or New Zealand **and** who were permanent residents or citizens of Australia or New Zealand at the time they enrolled in an accredited medical school in Australia or New Zealand will not be subject to section 19AB of the *Health Insurance Act 1973*.

Doctors who are affected by this change who are already registered with Medicare Australia **must supply** evidence of their residency status when they enrolled in medical school to allow Medicare Australia to confirm section 19AB does not apply and to update its records.

Doctors who are not subject to section 19AB will be subject to section 19AA of the *Health Insurance Act 1973* and must be a recognised general practitioner, specialist or consultant physician for Medicare purposes, or be in an approved program placement under section 3GA of the *Health Insurance Act 1973* before Medicare benefits can be paid for their services.

Doctors who obtained their primary medical qualification in an accredited medical school in New Zealand, or who obtained their primary medical qualification in Australia and were a New Zealand citizen or permanent resident **should call 132 150** and ask to speak to a Provider Registration service officer in their state or territory to determine if they are subject to sections 19AA and/or 19AB before any Medicare services are provided.

### Access to Medicare benefits

A provider number uniquely identifies the medical practitioner and the location from which a service is rendered.

You cannot transfer a provider number for one address to another address as this has an adverse impact on Medicare claims and prescriptions issued from the previous address.

For Medicare claiming purposes, the Health Insurance Regulations provide that a valid account or receipt must contain the medical practitioner's name and either:

- the address of the place of practice from which the service was provided; or
- the provider number for the place of practice where the service was provided.

Payment of claims could be delayed or disallowed where it is not possible from account details to identify the service as one which qualifies for Medicare benefits, or that the person who provided the service is a registered medical practitioner at the place of practice.

Claims for Medicare benefits should only be made while working in a private capacity and where no other government funding is received for these services.

We will advise you of your provider number for the location.

Do not presume that the allocation of a provider number means Medicare benefits are payable for services you provide. Some Medicare provider numbers will only be valid for referring or requesting services for your patients.

## Sections 19AA and 19AB

Eligibility to access Medicare benefits is determined by the *Health Insurance Act 1973* and related Regulations. In particular, the requirements of sections 19AA and 19AB of the *Health Insurance Act 1973* must be satisfied before access to Medicare benefits can be granted. The *Health Insurance Act 1973* can be found at [www.comlaw.gov.au](http://www.comlaw.gov.au) More information can be found on the Department of Health and Ageing's website at [www.health.gov.au](http://www.health.gov.au)

Other organisations such as the Department of Health and Ageing, Rural Workforce Agencies, General Practice Education and Training Limited, specialist medical colleges, Royal Australian College of General Practitioners and Australian College of Rural and Remote Medicine may be involved in approving your access to Medicare benefits.

You are subject to section 19AB if:

- you are an overseas trained doctor
- you are a foreign graduate of an accredited medical school.

You can access your record through HPOS (Health Professional Online Services) on Medicare Australia's website [www.medicareaustralia.gov.au](http://www.medicareaustralia.gov.au)

## Personal contact details

Please keep your details up to date to ensure important Medicare Australia information reaches you.

You can update your contact details through HPOS (Health Professional Online Services) on Medicare Australia's website [www.medicareaustralia.gov.au](http://www.medicareaustralia.gov.au)

## Re-open a closed location

You can re-open a closed location by completing the details under required location.

If you are not subject to restrictions to access Medicare you can re-open a closed location by calling **132 150**.

## Online Claiming

If the practice claims online, you must complete questions 13, 14 and 16 on the form. For more information you or the practice can call Medicare Australia's eBusiness Service Centre on **1800 700 199**.

## Electronic Funds Transfer payments

Your Medicare and Department of Veterans' Affairs (DVA) payments can be paid into a nominated bank account (either practice or personal account) by completing question 16.

## Online patient claiming

Where services rendered by you attract a Medicare benefit you can use one of Medicare Australia's electronic Medicare claiming options. Electronic Medicare claiming provides a better service for you or your patients with faster lodgement times for Medicare claims, together with faster payment times when Medicare benefits are paid via Electronic Funds Transfer directly into a nominated bank account.

For more information about electronic claiming call **1800 700 199** to talk to one of our Business Development Officers.

## Practice Incentives Program

If you are currently participating in the Practice Incentives Program or if the new location for which you are requesting a provider number participates in the Practice Incentives Program please call **1800 222 032** to ensure that your provider number is linked to the practice.

## Use of information by the Department of Veterans' Affairs

The information provided by Medicare Australia on this form and obtained from other organisations, may be used by the Department of Veterans' Affairs to determine your eligibility to receive benefits for health services rendered under the *Veterans' Entitlement Act 1986*.

## Medicare Australia online education services

Medicare Australia encourages all new health professionals and health professionals commencing or returning to private practice to complete Medicare and PBS eLearning when registering for a new provider and/or prescriber number. This service will help you understand your obligations under the Medicare and Pharmaceutical Benefits Schemes.

eLearning is interactive, easy to use and modules can be completed in short sessions (5–25 minutes).

Visit [www.medicareaustralia.gov.au/education](http://www.medicareaustralia.gov.au/education) and start your Medicare and PBS eLearning today.

## Additional documents

### 1 If you are an Australian trained doctor who:

- was a temporary resident (including a New Zealand citizen) on 1 November 1996

or

- had not completed your internship or period of supervised training on 1 November 1996

or

- was first registered with an Australian State or Territory medical board on or after 1 November 1996

and

- Medicare Australia has not advised you in writing that you are:
  - recognised as a Fellow of the Royal Australian College of General Practitioners
  - recognised as a Fellow of the Australian College of Rural and Remote Medicine
  - included on the Vocational Register
  - recognised as a specialist or consultant physician for Medicare purposes

then you need an approved program placement. The approving body must send the approved placement to Medicare Australia direct. Refer to the information under Approved Program Placements for more details.

### 2 If you are

- an overseas trained doctor (primary medical qualification obtained overseas)

or

- former overseas medical student (primary qualification obtained in Australia and you were a temporary resident when first enrolled in medical school in Australia)

and

- were first registered with an Australian State or Territory medical board on or after 1 January 1997

then you need a section 19AB exemption from the Department of Health and Ageing (which we will apply for on your behalf) when you have provided the following documents:

#### a) if you are a temporary resident (including New Zealand citizen)

- passport – a copy of the personal details page
- visa – a copy of your current visa showing that you have permission to work as a medical practitioner or to study medicine in clinical training positions
- evidence of your current medical registration for the State or Territory in which the location is situated. The document must show your name, the period of registration and any conditions attached to the registration (eg limited to specific locations, to work under supervision, area of need)
- letter of confirmation from your employer. Supporting letters must confirm the term and location of your employment, reason why you require a Medicare provider number and explain attempts to recruit Australian doctors. Letters from employers of locums should confirm that locum or deputising work is in districts of recognised workforce shortage
- copy of your employment contract – if working in a public hospital.

### b) if you are an Australian citizen or permanent resident

- passport – a copy of the personal details page
- visa – a copy of your permanent resident visa or Australian citizenship (this documentation is required by the Department of Health and Ageing for each application for a Section 19AB exemption)
- evidence of your current medical registration for the state or territory in which the location is situated. The document must show your name, the period of registration and any conditions attached to the registration (for example, limited to specific locations)
- letter of confirmation from your employer. Supporting letters must confirm the term and location of your employment, reason why you require a Medicare provider number and explain attempts to recruit Australian trained doctors. Letters from employers of locums should confirm that locum or deputising work is in districts of recognised workforce shortage
- copy of your employment contract – if working in a public hospital

and

Medicare Australia has not advised you in writing that you are:

- recognised as a Fellow of the Royal Australian College of General Practitioners
- recognised as a Fellow of the Australian College of Rural and Remote Medicine
- included on the Vocational Register
- recognised as a specialist or consultant physician for Medicare purposes

then you also need an approved program placement.

The approving body must send the approved placement to Medicare Australia direct. Refer to the information under Approved Program Placements for more details.

### c) If you are an overseas trained doctor working in Australia under an academic appointment with one of the following medical schools

- Australian National University
- Flinders University of South Australia
- James Cook University Medical School – Townsville
- Monash University
- University of Adelaide
- University of Melbourne
